Lefkosia, Cyprus

ANNOUNCEMENT

Re: Delay in the publication of the Annual Financial Report for 2018 of SUN Interbrew Plc

SUN Interbrew Plc ('the Company') would like to inform the market that the approval and publication of the Annual Financial Report for the financial year ended 31 December 2018 which includes the final, audited financial statements of the Group (Consolidated) and of the Company (standalone) (the 'Report') will be delayed and will not take place by the end of April 2019, as originally scheduled.

The reasons for the delay lay in the further procedures needed in relation to the audit of the financial statements for 2018, taking into account the divestment, in 2018, of the controlling interest of the Company in its two significant subsidiaries which constituted its operating arms in Ukraine and Russia. For purposes of ensuring the proper evaluation by the auditors of the transaction, including its tax implications, further time is needed for the conclusion of the audit and the finalization and approval of the Report, which has been rescheduled to take place on the 23rd of May 2019.

The Company would like to reiterate its commitment to compliance with the applicable legislative framework and that this is an exceptional case; where the additional time for the audit of the financial statements and the publication of the Report is considered necessary so as not to compromise the correctness and quality of reporting.

The Company adheres to high standards of transparency and investor information and will keep the investing public informed and provide further information on the above, as and when required.
